

OUR PLANET OUR FUTURE

We're in the business of change repurposing discarded materials.

¿ARE YOU PART OF THE PROBLEM OR THE SOLUTION?

94% of merchandising and corporate gifts
are made of plastics and highly polluting.

Corporate gifts are the image of your company and betting on
sustainable merchandising is betting on change and innovation.

OUR
ENVIRONMENTAL IMPACT

We are pioneers in transforming industrial waste.

Discarded annually:

+80.000 tons
of silobags

+70.000 tons
of burlap bags

+400 tons
of upholstery

OUR
ENVIRONMENTAL IMPACT

We transform YOUR company's - or (the) industry's - waste into eco-products.

OUR
ENVIRONMENTAL IMPACT

Companies purchase products for their welcome kits, corporate gifts, merchandising, packaging, etc. Working together for your products will boost the **CIRCULAR ECONOMY**

Among the materials that we recover the main ones are:

- BANNERS
- BURLAP BAGS
- UPHOLSTERY
- SILOBAGS

In the European Union: Directive 2014/24/EU establishes that public authorities must take environmental criteria into account in their bidding processes. Goal 12: Responsible production and consumption of the Sustainable Development Goals (SDGs) 2030 proposes to encourage and promote sustainable practices in companies, adopting company sustainability plans and integrating information on sustainability in their reports.

THESE COMPANIES SHARE OUR VALUES
THEY ALREADY JOINED THE CHANGE

THE BEST BRANDS ALREADY JOINED

LET'S JOIN FORCES FOR A BETTER WORLD
JOIN **THE CHANGE THAT THE WORLD NEEDS**

SOME OF OUR CLIENTS

OUR
SOCIAL IMPACT

We are committed to fostering **social inclusion** and creating **positive change** by providing **employment opportunities to the most vulnerable and marginalised groups** –including women from refugee and migrant backgrounds– empowering them, giving them the opportunities they deserve, **bringing back jobs to Australia**, purpose-driven work, creating real, lasting change.

We believe in the world of business as a driver of change. **Doing business that changes the world with a positive impact on society and the world.**

Every product supports local manufacturing while reducing global waste.

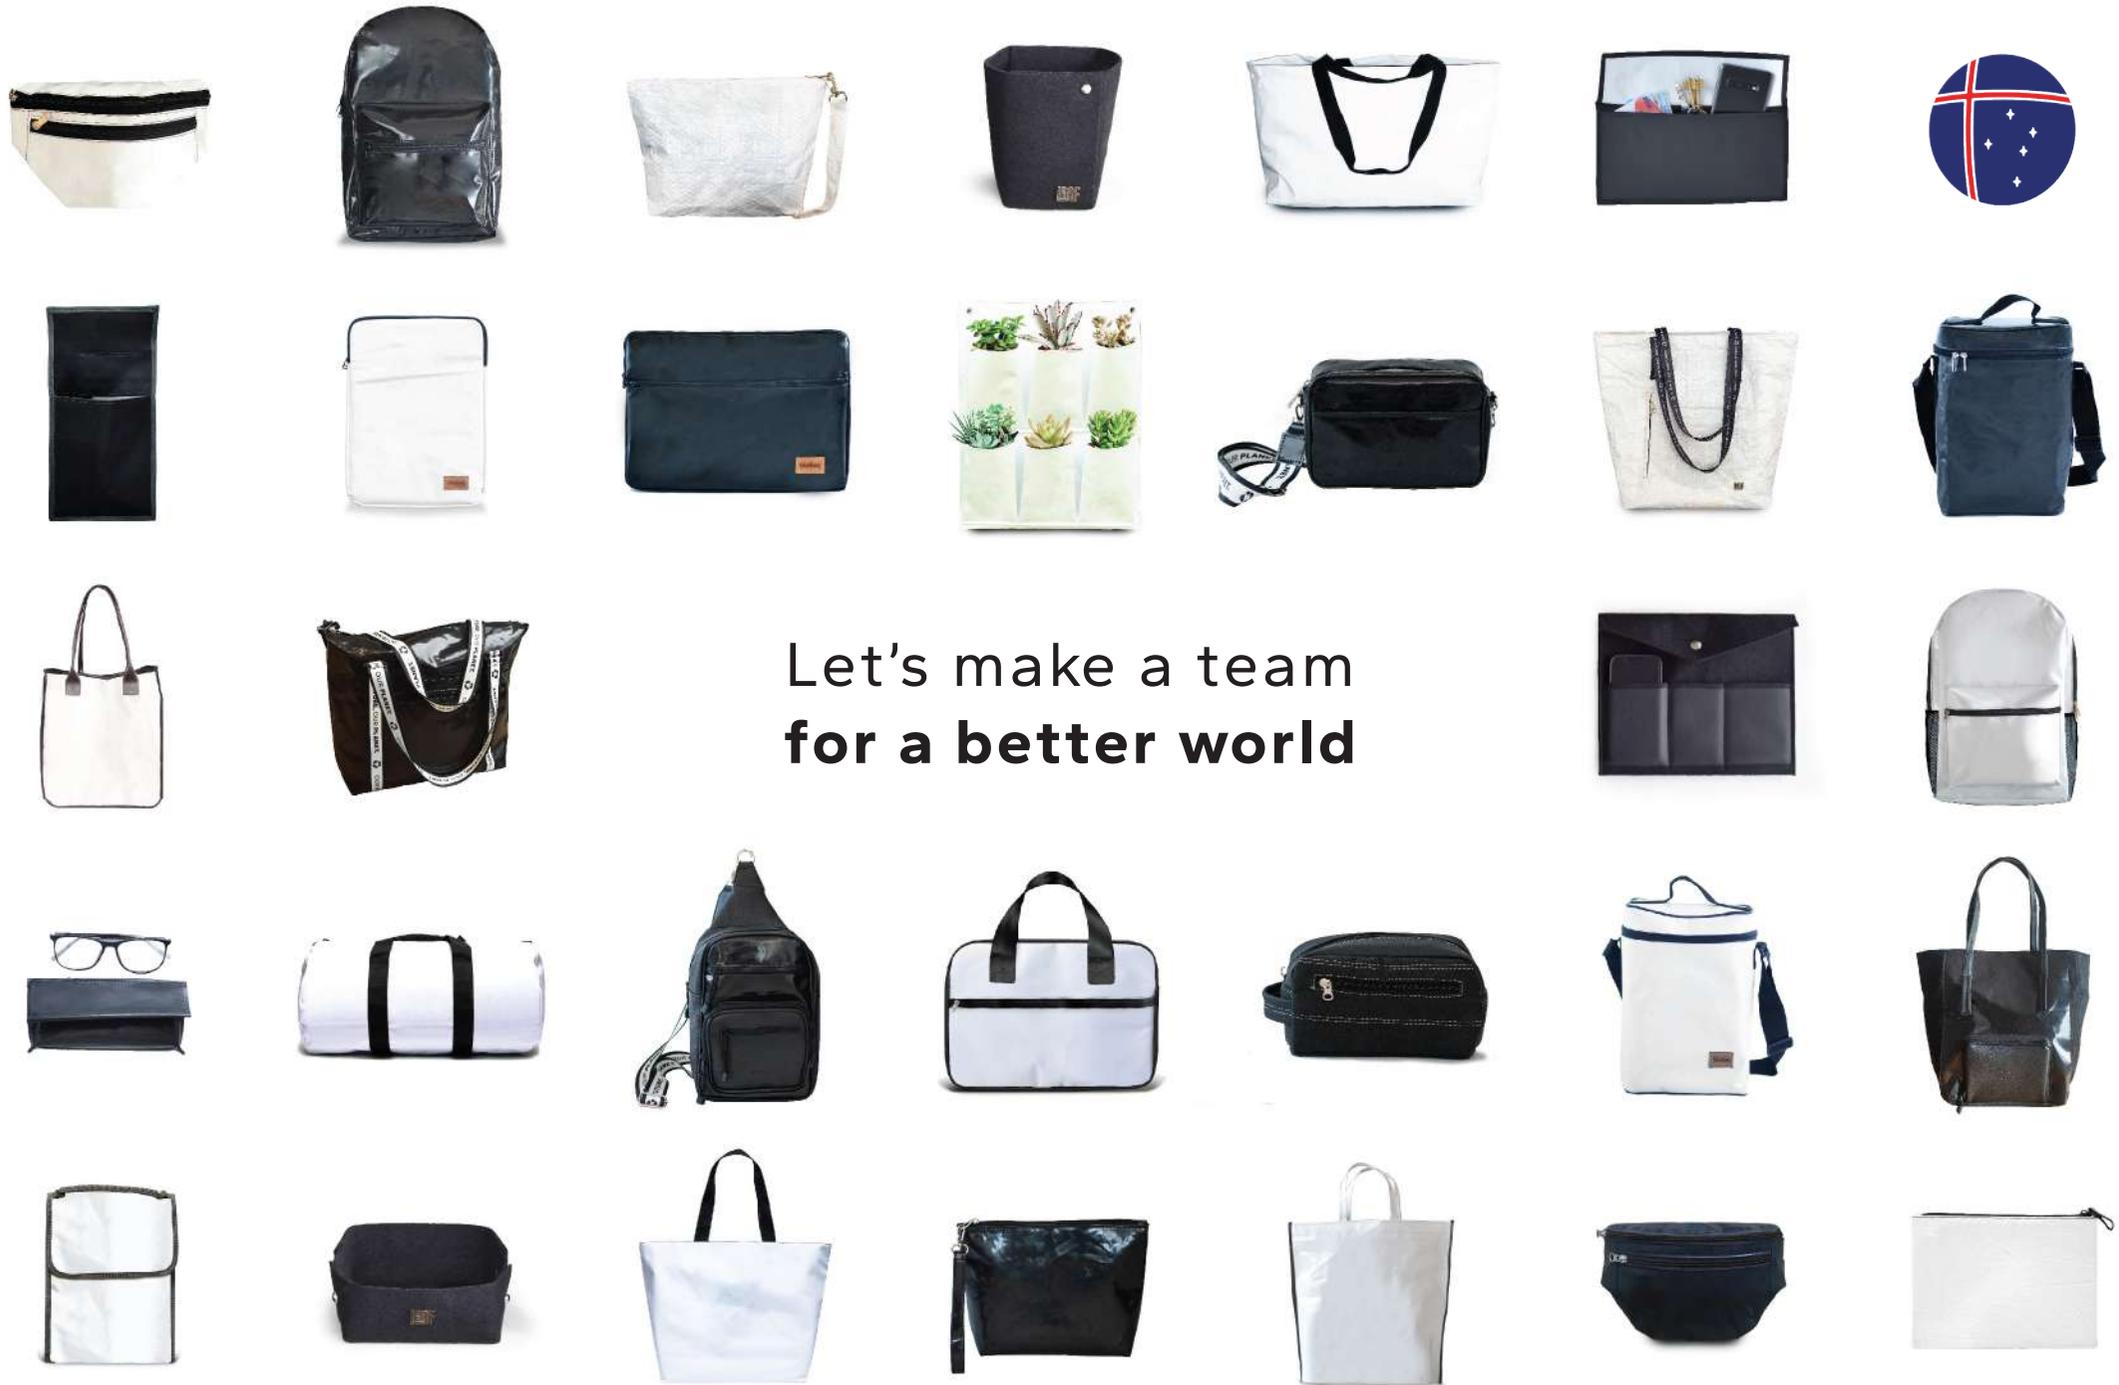

Show your commitment to sustainability with locally-made solutions that make a real difference.
